

# LHS Academic Boosters

## 2023 Academic Super Bowl: The Age of Exploration

### This year's materials

We're making a few changes to this year's materials. We will offer our multiple choice/true/false question bank, a comprehensive notes package, video tutorials, and online games as we have in the past. Three changes to this year's materials include original PowerPoints that could be used for intrasquad contests, an expansion of our Fine Arts Special to all subjects, and a condensed worksheet package. Quizlets will be offered for free to any school that buys the complete package.

Our multiple choice package will offer at least 250 questions per subject, except for math, where we'll produce at least 100.

Our notes package will offer pages upon pages of breakdowns for each subject. Our notes are meant to help your students score!

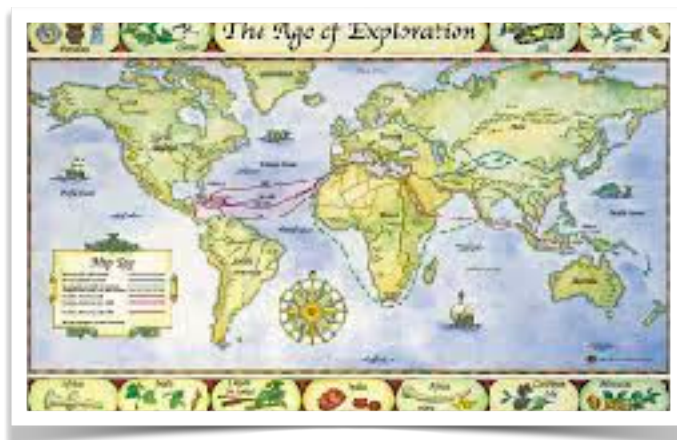

**Our video tutorials are lectures, sometimes over PowerPoints, given by our question writers.**

## Original PowerPoints

Unlike previous years, our PowerPoints will be designed to look and feel like actual IASP competition questions. We will not use plot based, biographical, or other questions meant to test a student's reading. Instead, we will base these PowerPoints on what the IASP question writers put in their official practice questions. All of the questions will be unique to our PowerPoints. The questions will NOT be duplicates from our MC bank. We will create one PowerPoint per subject, with the exception of Interdisciplinary.

## Changes to Our Worksheet Package

In the past, we had separate worksheet packages. This year, we're combining those into one set of materials for a cheaper price. You'll receive worksheets that cover relevant Youtube videos, IASP question writer videos, our own Video Tutorials, and sheets based on our MC package.

## Research Package Takes the Place of the Fine Arts Special

Our Fine Arts Special was so popular last year that we're expanding it to include all subjects. We will do your research for you. We'll include approximately 100 relevant websites per subject to help your students learn.

## Online Games

We will use various sites such as Nearpod, Quizizz, Kahoot, Wordwall, and others to create a minimum of ten games per subject to help your students learn in a fun and interactive way!

		MATERIALS' COST	
Material	Junior/Senior	Material	Junior/Senior
MC/TF Questions	\$60/\$65	Online Games	\$30/\$35
Notes Package	\$40/\$50	Worksheets Package	\$25/\$30
Video Tutorials	\$50/\$55	Research Package	\$10/\$15
Original PowerPoints	\$30/\$35	Quizlets	Free with Complete Package
	Complete Package		\$230/\$270
	Original Package (MC, Notes, Vid Tuts)		\$145/\$165
